City: ARLINGTON

Violation Description: I want to Report a Violation by the Hickman Egg Factory Located in Arlington Az. The Hickman Egg Factory is in violation of the 1st condition of it's Air Quality Permit to operate #040136. Which says they can not discharge into the Air anything that is recognized as Offensive, Obnoxious, or objectionable. Friday evening on Oct.30, 2015 at approximately 5:00 P.M. There was a strong Odor that made me gag forcing me to lose my appetite and I couldn't eat my Dinner. The Odor smelled like Rotting cabbages and Smelly Socks (Methyl Mercaptan). If Air Quality could check for other Odors besides Hydrogen Sulfide they would find the Hickman's in Violation of Polluting the air and having an effect on the Ozone. Not to mention creating a Health Risk for anyone that lives in the Area, works in the area, or goes to the schools in the area of the Hickman Chicken Factory.
